Hilton Garden Inn has entered into Singapore with the opening of Hilton Garden Inn Singapore Serangoon, bringing 328 rooms to the brand's portfolio, while offering business travellers a variety of accommodation options with convenient access to the city's CBD.

Situated at one of Singapore's top historic enclaves, the Hilton Garden Inn Singapore Serangoon is a short six-minute walk from the Little India MRT station, providing guests easy access to key areas, such as Orchard Road and Marina Bay, with a range of dining and entertainment options. Business travellers will find the location convenient, with the Suntec Convention & Exhibition Centre and Singapore's central business district located about two kilometres away.

Guests will be treated to numerous amenities and services at the hotel; while innovative digital check-in and digital key are made available via the Hilton Honours mobile app. The hotel offers a modern pre-set boardroom perfect for meetings for up to 14 persons. Guests can dine at The Garden Grille, which offers cooked-to-order breakfast and evening room service. The Pavilion Pantry is open 24 hours and features ready-to-cook meals. The hotel also offers complimentary wifi throughout the premises, a state-of-the-art fitness centre, as well as an outdoor pool overlooking the city.

"Hilton Garden Inn Singapore Serangoon is located in Singapore's Little India district – one of the most vibrant and well-connected areas of the iconic Garden City," says John Greenleaf, global head, Hilton Garden Inn.
